**Ty:** Yo Mike when i told you to make a social media page it wasn't because i wanted you to feel bad, i just wanted you to be in tuned. I know we didnt follow you but we're your friends in the *real life!* How many people *follow you*, or how many *likes you get* will never define that.

### **MIKE BREAKS DOWN AS HE SPEAKS NOT CRYING BUT JUST EXHAUSTED**

**Mike:** Ty everyones on Social,if you not popping, no one likes you, no one wants to be your friend, no one cares about you if you're not popping on social media it's like you don't even exist.

**Ty:** Man listen, social media is just a freaking app where people post pictures and stupid videos. yeah certain people got more followers then others but just because you dont, doesnt mean people in the real world dont got love for you.

**Mike:**

They dont give a.....

**Ty:** BRO If me coming to your house, climbing through your window, doesn't show you, that i got love and care for you, I don't know what will. Don't let some stupid app destroy your real friendships.

**Mike:** i know,but its just the way yall was hyped about a freaking math rap, and when i posted, yall didnt even show love, yall didnt even follow me.

**Ty:** Mike, That's just a post, please don't take it to heart. Theres a ton of other people posting at the same time and theres this whole stupid algorithm behind it... dont ever take this dumb app seriously, Remember bro, You dope in real life and who cares what social media says.

### **Mike stares at Ty with a face of realization.**

**Mike:** I bugged out for a second, didn't I.

**Ty:** Bugged Out ?! yo, why dont you get ready. I have some pizza with extra cheese and pineapples waiting for me and looking at that nasty cold pizza is depressing.
